CCA applicant)	
)	FINAL STIPULATED ORDER

The Oregon Board of Chiropractic Examiners (hereafter "Board" or "OBCE") is the state agency responsible for licensing, regulating and disciplining chiropractic physicians and certified chiropractic assistants in the State of Oregon. Omolara Lynette Opeifa (hereafter "CCA applicant"), applied for a license as a certified chiropractic assistant in Oregon. The Board issues the following order.

Findings of Fact

1.

On October 1, 2015, the OBCE received CCA's application for a certificate to practice as a certified chiropractic assistant in Oregon. On question five of the application where Applicant was asked if she had ever been arrested or charged with a violation, misdemeanor or felony, Applicant responded yes. Applicant also answered yes to question six that she had been treated for substance abuse. She also answered yes to question seven that she had been convicted of, pled guilty or no contest to any offense, misdemeanor or felony. In the attached explanation for that response, Applicant provided a handwritten statement that she had a 2011 Identity theft conviction and it was related to a drug issue. Applicant also had a 2010 possession of methamphetamine conviction and two felony counts of Failure to Appear. She had two other convictions in 2009 for a firearm possession and 2008 for Theft of Services. The investigation revealed that the string of convictions were due to drug addiction issues that Applicant had battled. Applicant also revealed that she completed all court requirements of probations for her convictions and since 2012 has actively been involved in her recovery. Applicant had also become a licensed Massage Therapist in Oregon since 2012 and was licensed with the Oregon Board of Massage.

On March 17, 2016 the Board voted to issue a license to Applicant with certain limitations as follows.

Conclusions of Law

2.

The Board finds that the acts and conduct of applicant in her application and responses to such, may be cause to refuse to grant a certificate to Applicant, however the Board is willing to allow a certificate to be issued with some requirements. If the matter were to proceed to hearing,

Applicant may be found that the conduct sited above would be in violation of ORS 684.100(1)(d), and OAR 811-010-0110(15)(b).
